

## Canine Surgery Consent and Optional Services Form

**Prices on this page are per pet. You can use 1 form for multiple pets.**

We value your trust in caring for your pet and take every opportunity

to practice the best medicine possible. **Options on this form will**

**increase the cost of your scheduled procedure should you elect to**

**do them.** Please print this form, fill it out, and bring it with you

on the day of surgery to streamline the admission process.

Your Name: \_\_\_\_\_

Patient(s): \_\_\_\_\_

Emergency #: \_\_\_\_\_

### PRE-ANESTHETIC BLOODWORK:

Test results will provide evidence of pre-existing conditions, establish baseline data, and detect internal organ malfunction.

Cost is \$41 for dogs 0 to 6 years or \$71 for dogs 7 years and older.

Yes

No

### HEARTWORM TEST (for dogs 6 months and older):

Heartworms are transmitted by mosquitoes and can be fatal. Prevention is recommended year round after a negative heartworm blood test. Cost is \$23. Do you authorize us to perform this test today?

Yes

No

### IV FLUID THERAPY:

Fluids during surgery maintain blood pressure support and help flush out anesthesia. Do you authorize us to place an IV for \$25?

Yes

No

### LASER SURGERY (for female dog spays):

Making a surgical incision with a laser reduces pain, swelling, and risk of infection. Do you authorize laser surgery for \$45?

Yes

No

### VACCINATIONS:

We can give your dog its vaccines while under anesthesia. Vaccine and exam fees vary depending on what your dog is due for.

Please call for pricing. Do you authorize vaccines today?

Yes

No

### MICROCHIPPING:

We can insert a microchip while your dog is under anesthesia. Do you authorize us to implant a chip today for \$45? (price includes registration)

If yes, please print out the microchip enrollment form and bring it along with this consent form to the appointment.

Yes

No

**\*\*\*Special notices- Laser is automatically used on all male dogs. There is a \$15 laser fee for male dogs when a PUP certificate is used for payment. There is a \$50 surcharge if your female dog is pregnant or in-heat when we spay her!**

### ANESTHESIA AND SURGERY CONSENT:

I hereby certify that I have read and fully understand this authorization for treatment and I understand the risks associated with surgery. I am the owner or agent for this pet and I assume full financial responsibility for all charges incurred to this patient (including any additional expenses after surgery due to failure to comply with aftercare instructions). I authorize anesthesia and understand that there are potential complications, including death, associated with anesthesia. I also understand that the veterinarian will make every effort to contact me in the case of unforeseen emergencies regarding treatment, but if unable to contact me, will proceed with any life-sustaining procedures.
